

Texas Department of Public Safety Texas Division of Emergency Management State Situation Report

Event Name	8 May 2015 Severe Weather Event SITREP
Date	05/31/2015
Time	0700
Operational Period	05/30/15 – 05/31/15
Report Number	24

Regions Affected	
DPS Regions Affected	1, 2, 3, 5, 6
DDCs Active	2-Lubbock, 3-Wichita Falls, 4-Hurst, 4-Garland, 5-Mt. Pleasant, 6-Tyler, 7-Abilene, 12-Austin, 14-Lufkin, 16-Houston, 16-Conroe, 16-Houston, 16-Pierce, 16-Texas City, 18-San Antonio, 20-Corpus Christi, 22-Sherman

STATEWIDE CURRENT SITUATION:

Pursuant to his powers as Governor of the State of Texas, Greg Abbott issued Proclamations on May 11th, May 15th, May 25th, and May 26th, 2015, certifying that the severe weather, tornado and flooding incident that began on Monday May 4th, 2015, has caused a disaster in many Texas counties. Severe weather, tornadoes and flooding continue in these and other counties in Texas. Therefore, the Governor of the State of Texas, has amended the aforementioned proclamations and declares a disaster in Angelina, Archer, Bastrop, Blanco, Bosque, Bowie, Burleson, Caldwell, Cass, Cherokee, Clay, Collin, Comal, Cooke, Denton, Dewitt, Eastland, Edwards, Ellis, Fannin, Fayette, Gaines, Garza, Gillespie, Grayson, Grimes, Guadalupe, Harris, Harrison, Hays, Henderson, Hidalgo, Hill, Hood, Houston, Jasper, Johnson, Kaufman, Kendall, Lamar, Leon, Liberty, Lynn, Madison, Milam, Montague, Navarro, Newton, Nueces, Parker, Real, Red River, Refugio, Rusk, Sabine, San Jacinto, Smith, Travis, Tyler, Uvalde, Van Zandt, Victoria, Walker, Waller, Wharton, Wichita, Williamson, Wilson, Wise and Zavala Counties, authorizing mobilization of state resources to assist impacted communities. This brings the total number counties so far to **70**.

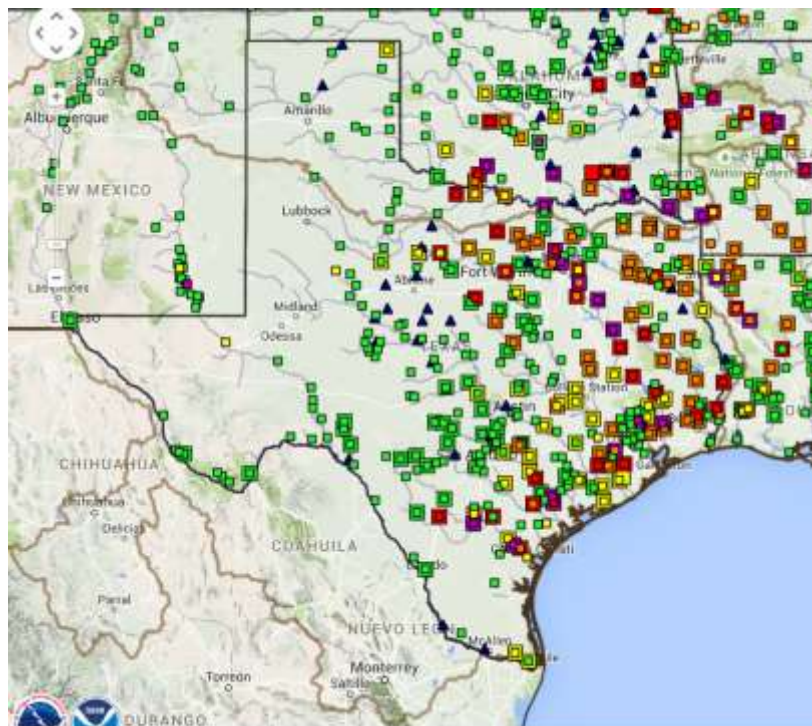

The Governor requested and the President approved a Major Disaster Declaration (DR-4223) on May 29th, 2015. This action ordered federal aid to supplement state, tribal and local recovery efforts in the area affected by the severe storms, tornadoes, straight line winds and flooding beginning on May 4th 2015. The President's actions makes federal funding available to affected individuals in Harris, Hays, and Van Zandt counties. Federal funding also is available to state, tribal, and eligible local governments and certain private nonprofit organizations

on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by the severe storms, tornadoes, straight-line winds and flooding in Cooke, Gaines, Grimes, Harris, Hays, Navarro, and Van Zandt counties. Additional counties may be added to the declaration as the situation develops.

Individuals who sustained damage within the State of Texas during the May storms, may call **1-800-621-3362** to register with FEMA.

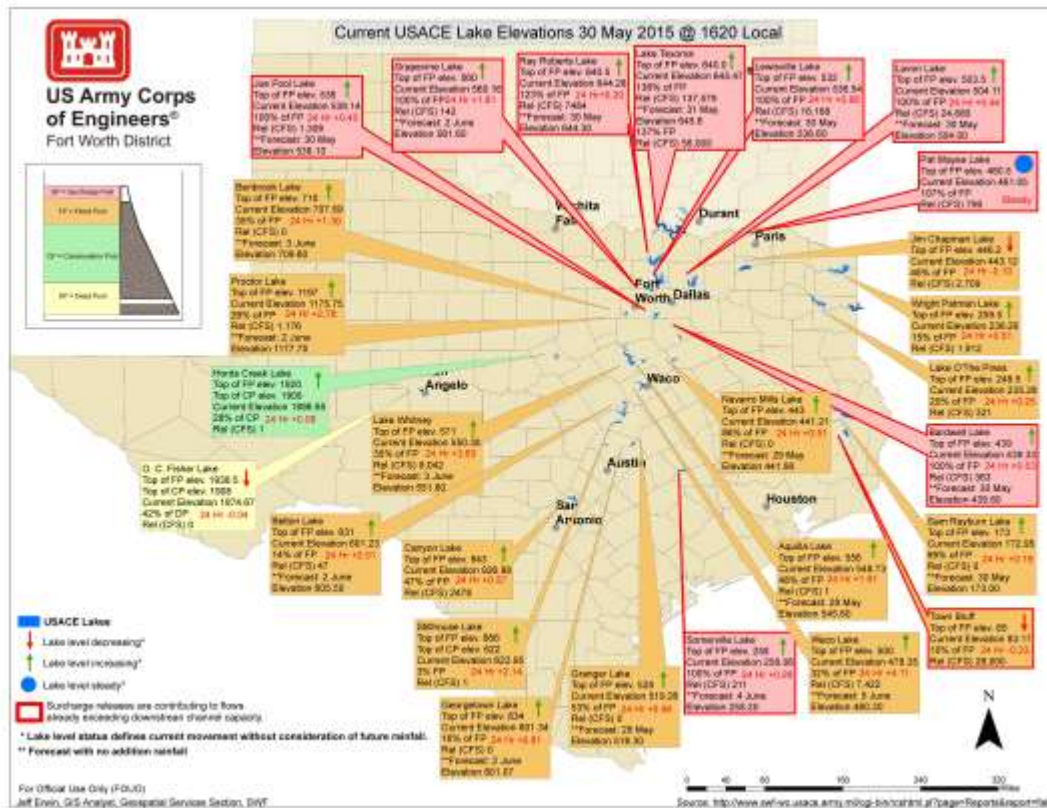

The SOC continues to conduct daily severe weather conference calls with the National Weather Service Offices, state agency representatives and volunteer organizations at 10:00 am (CDT). The SOC increased its readiness to Level I (Emergency Conditions) at 6:00 am Sunday, May 24th.

Showers and thunderstorms continued across south and southeast Texas overnight and early this morning. Generally 1 - 2 inches of additional rainfall was reported along the Texas coast. The Houston area reported 24 hour rainfall totals of 2 - 4 inches. The cold front continues to move southeast across the state and will exit the Texas coast/southeast Texas by Sunday afternoon. A noticeable drying trend with no additional rainfall has begun across north and central Texas. Rainfall overnight brought some very minor raises on the bayous in the Houston area overnight. All of these bayous remained below flood stage and no new flooding has been seen in this area. Elsewhere, the Colorado River at Wharton has crested and started to fall. It is projected to be below flood stage later today. In addition, Victoria on the Guadalupe River has crested and will begin to fall today. No additional rainfall is forecast over the state today so the rivers will have an opportunity to work these flood waters through the system.

WGRFC River Flood Summary - Updated Updated 05/30/2015 05:24AM CDT							
Number in Flood				Number Forecasted to Reach Flood			
Minor	Moderate	Major	Total	Minor	Moderate	Major	Total
34	14	9	57	31	21	14	66
Total Number of Forecast Points: 320							
Percentage(%) In Flood: 17.8				Percentage(%) In Flood and Forecasted in Flood: 20.6			

Current Lake Conditions are reported on following map.

Please see below updated forecasts as of 0900 May 30, for USACE Lakes affecting your jurisdictions.

Joe Pool - 538.1 feet on 30May; 119% Flood Pool, Currently increasing to 4000 cfs over the next 12 hours

Ray Roberts - 644.3 feet on 30May; 155% Flood Currently and continuing to release 7500 cfs

Lewisville - 536.6 feet on 31May 2400 CST; 157% Flood; Peak Discharge 19,718 cfs

Grapevine - 560.3 feet on 02Jun; 109% Flood Pool; Peak Discharge 3150cfs

Lavon - 504.0 feet on 30May; 107% Flood Pool; Peak Discharge 24,900cfs

USACE will rerun forecasts again this afternoon as additional rain was seen in some of these watersheds while the models were run. Any updates/changes will be provided.

NWS Brownsville: A flash flood watch is in effect for Hidalgo, Brooks, Starr, Jim Hogg and Zapata counties. One to three inches of rainfall fell overnight on top of saturated soils and another one to two inches of rainfall is possible across this area today.

NWS Shreveport: Scattered to numerous showers and thunderstorms will continue to overspread the region this afternoon before tapering off from Northwest to Southeast late this evening. Any storms today will have the capability to produce strong and damaging wind gusts, large hail and very heavy rainfall.

NWS Norman OK: River flooding continues on the Wichita rivers as well as other streams and creeks in North Texas.

NWS Midland/Odessa: Isolated thunderstorms will be possible over the higher terrain of Southwest Texas and over the trans Pecos this afternoon and evening. Some of these storms could be strong with gusty winds, lightning and possible hail.

NWS Austin/San Antonio: Scattered showers and thunderstorms remain possible for areas east of Interstate 35. Some storms could be slow moving and may contain locally heavy rainfall. Rainfall amounts of 1 inch along with isolated amounts up to 2 inches are possible. Even these lower amounts in a quick time frame could cause flash flooding given the saturated conditions. A flash Flood watch remains in effect for areas east of interstate 35 tonight.

Operational Priorities:

1. Protect life and property.
2. Support rapid & effective response.
3. Collect and disseminate accurate incident information to improve decision-making.
4. Accurately track incident costs associated with assigned resources for cost recovery.
5. Maintain communication with impacted local jurisdictions.

Region 1 (Includes DDCs 4, 5, 6, 22)

Disaster assessments continue. Weather conditions are being monitored in the event activation levels may need to be raised.

DDC 4 Hurst (Includes Wise, Denton, Palo Pinto, Parker, Tarrant, Hood, Erath, Johnson and Somervell Counties)

DDC Hurst EOC has returned to Level III (Increased Readiness Conditions) and demobilized from the EOC. TFS, TPWD, TXMF, and TxDOT representatives have demobilized. There are 204 outages affecting 1,593 customers within the district, and there are multiple road closures. DFW Airport initiated a ground stop due to severe weather, however the stop was lifted once weather conditions improved. Glade Road between SH 360 and Airfield Road is closed. The DDC will continue to monitor and respond as needed.

Tarrant County: Reported that the city of Grapevine is taking precautionary measures as Lake Grapevine is expected to go over the spillway, and they have closed a road along the spillway.

Erath County: A Disaster Declaration was submitted.

Palo Pinto County: A Disaster Declaration was submitted.

Somervell County: A Disaster Declaration was submitted for Somervell County and the City of Glen Rose.

Wise County: An updated DSO was submitted. An addendum to the original Disaster Declaration has been submitted. Eighteen road closures reported. Lake Bridgeport is releasing water which is causing problems downstream.

Johnson County: A DSO has been submitted. Power lines down and localized road flooding.

Hood County: A Disaster Declaration has been submitted. Preliminary Damage Assessment (PDA) was conducted Friday, May 29th.

Parker County: A Disaster Declaration was submitted. Reported one water rescue on El Camino Real in the Rio Brazos area. The shelter in Weatherford had a population of 10.

Denton County: An updated DSO has been submitted. 105 single-family homes affected; 17 with minor damage; 5 with major damage; and 2 destroyed. A few homes have water in them; full effects will not be known for several hours. Citizens were alerted to the 537-540 foot flood potential.

DDC 4 Garland (Includes Collin, Hunt, Dallas, Rockwall, Kaufman, Ellis and Navarro Counties)

DDC 4 Garland is currently operating at Level III.

Ellis County: The dam on Padera Lake in Northwest Midlothian is being managed. Both TCEQ and USACE are on scene assisting. There are no requests for state assistance at this time. Failure could affect 37 homes 1 business and those residents have been notified. A secondary soil conservation lake northwest of Midlothian is at capacity and flooding has begun, affecting 25-30 homes. Ellis County is requesting sandbags to help prevent damage to homes affected by flooding. A STAR request has been submitted. A Declaration Disaster has been submitted.

Kaufman County: A DSO has been submitted.

DDC 5 Mount Pleasant: (Includes Lamar, Delta, Hopkins, Franklin, Bowie, Cass, Morris, Titus and Red River Counties)

DDC Mt. Pleasant remains at Level III (Increased Readiness). US 271 on the Oklahoma side has been closed due to the continuous rise of the Red River. TxDOT is coordinating with Oklahoma Department of Transportation on the closure.

DDC 6 Tyler: (Includes Rains, Van Zandt, Henderson, Anderson, Wood, Smith, Cherokee, Camp, Upshur, Gregg, Rusk, Marion, Harrison, Rains and Panola Counties)

Van Zandt County: The City of Van and Van Zandt County continue to work on debris removal and support ongoing recovery efforts. The Van Zandt EOC is still active. Damages/Current

Assessments: 62 homes were damaged, 56 homes with major damages, 41 homes with minor damage, and 45 homes are still being assessed. An updated DSO and a Letter to the Governor has been submitted. A debris removal plan has been completed.

City of Athens (Henderson County): A Disaster Declaration and Request Letter have been submitted.

City of Chandler (Henderson County): A Disaster Declaration and Request Letter have been submitted.

Region 2 (Includes DDCs 13, 14, 15, 16)

All DDCs in Region 2 are at Level III activation at this time.

DDC 13 Bryan: (Includes Leon, Robertson, Madison, Brazos, Grimes, Burleson and Washington Counties)

Madison County: A Disaster Declaration was submitted. A Disaster Summary Outline and a Request Letter to the Governor have been submitted. 3 homes affected; 2 with minor damage.

Robertson County: A Disaster Declaration and Letter to the Governor were submitted.

Washington County: A county engineer has been assessing road and bridge damage. FM 1948 at Yegua Creek remains dangerously close to spilling over the roadway. There are increasing concerns regarding Lake Somerville and the water over-topping the spillway. Roads are still being monitored by Road & Bridge and TxDOT.

DDC 14 Lufkin: (Includes Angelina, Houston, Jasper, Nacogdoches, Newton, Polk, Sabine, San Augustine, San Jacinto, Shelby, Trinity, and Tyler Counties)

Angelina County: A Disaster Declaration was submitted.

Jasper County: A Disaster Declaration Continuation has been received. A Voluntary Evacuation Order was issued 5:00 p.m., May 29th.

Nacogdoches County: A Disaster Declaration, Letter to the Governor, and Disaster Summary Outline were submitted.

San Jacinto County: A Disaster Declaration and a DSO were submitted.

Trinity County: A Disaster Declaration and Request Letter were submitted.

DDC 16 Houston: (Includes Chambers and Harris Counties)

Harris County: Harris County Office Homeland Security & Emergency Management (HCOHSEM) has moved to Level III – Increased Readiness. An updated DSO was submitted.

The Trinity River flooding is ongoing along nearly the entire river from below Dallas to Galveston Bay. Major flooding is ongoing at Liberty with several subdivisions cut-off. River will remain in major flood at Liberty for the next week at least.

West Fork of San Jacinto River major flooding is in progress and will continue into the weekend with numerous roads under water. River will slowly fall back within banks by early next week.

City of Houston (Harris County): A DSO, Disaster Declaration and Letter have been submitted.

City of Galena Park: A DSO was submitted.

DDC 16 Pierce (Includes Austin, Colorado, Fort Bend, Matagorda and Wharton Counties)

Fort Bend County: A Disaster Declaration was received. Police have issued a mandatory evacuation for 50 homes in Rosenberg. 16 roads are closed to due flash flooding.

City of Rosenberg (Fort Bend County): A Disaster Declaration has been submitted. A Recommended Evacuation order was issued by the Mayor of Rosenberg effective 9 p.m. May 29th for residents and visitors in areas north of Avenue A from 1st to 8th Streets, and areas along 6th Street from Avenue B to Avenue D, due to possible effects of the Brazos River flooding. After 9 p.m. May 29th, no access will be allowed to these areas.

Wharton County: A Mandatory Evacuation was issued by the County Judge at 5:30 p.m. Friday, May 29th. Approximately 150 individuals have evacuated. One shelter has been opened by the American Red Cross.

Region 3 (Includes DDCs 19, 20, 21, and 24)

DDC 20 Corpus Christi: (Includes Bee, Live Oak, Refugio, Jim Wells, San Patricio, Nueces, Duval, Kleberg, Brooks & Kenedy Counties)

DDC-20 Corpus Christi remains at Level III (Increased Readiness).

City of Corpus Christi: A Letter to the Governor and a Disaster Declaration were submitted.

DDC 21 Weslaco: (Includes Cameron, Hidalgo & Willacy Counties)

DDC 21 Weslaco remains at Level III (Increased Readiness Conditions).

City of Palmview (Hidalgo County): A Disaster Declaration has been submitted.

DDC 24 Del Rio: (Includes Val Verde, Edwards, Real, Kinney, Uvalde, Maverick, Zavala, Dimmit and La Salle Counties)

Uvalde County: A Disaster Declaration was submitted.

Region 5 (Includes DDCs 1, 2, 3, 7)

DDC 2 Lubbock: (Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley, Terry and Yoakum Counties)

DDC 2 Lubbock has decreased its activation to Level IV (Normal Conditions).

City of Shallowater (Lubbock County): A Disaster Declaration and a Letter to the Governor were submitted.

DDC 3 Wichita Falls (Includes Archer, Baylor, Clay, Cottle, Foard, Hardeman, Jack, Montague, Wichita, Wilbarger and Young Counties)

Archer County: The Letter to the Governor and Disaster Summary Outline were submitted.

Wichita County: An updated Disaster Summary Outline has been submitted. Updated Preliminary Damage Assessment reveals 15 single-family homes with major damage, 7 with minor damage; and 375 affected. A Request Letter was submitted.

DDC 7 Abilene: (Includes Brown, Mitchell, Callahan, Nolan, Coleman, Runnels, Comanche, Scurry, Eastland, Shackelford, Fisher, Stephens, Haskell, Stonewall, Jones, Taylor, Kent, Throckmorton, Knox Counties)

DDC 7 and the Eastland County EOC are activated to Level III. Evacuations from flooded areas will continue as long as water levels continue to rise. No shelters are reported to be open, as evacuees continue to make other arrangements for accommodations. A Disaster Declaration has been submitted for Eastland County.

Comanche County: Comanche County is experiencing increased flooding, mainly due to runoff from Eastland County. A Disaster Declaration was submitted. A DSO from Comanche County is expected.

Eastland County: Eastland County has submitted a new Disaster Declaration today and a DSO will be submitted at a later time. Approximately 12 homes and 12 outbuildings have been significantly impacted by flooding in Eastland County but many areas are inaccessible due to the continually rising water, hampering assessment attempts. Eastland County emergency responders are assisting with assessment and evacuations around Lake Leon. The lake was estimated to be 4.5 feet over the spillway at 8:00 am Thursday, May 28th, and the rate of rise appears to be slowing.

The City of Rising Star, in Eastland County, plans to submit a Disaster Declaration and DSO due to major road damage.

Fort Griffin State Historic Site (Shackelford County): The National Weather Service (NWS) issued a Flood Warning and the River Forecast Center expressed concern with possible flooding at Fort Griffin State Historic Site, near Albany. This warning was triggered by a gauge near Fort Griffin that reported water to be seven feet above the actual level. Fort Griffin personnel have been in contact with the NWS, updating them on the ACTUAL river level. Flooding of the area does NOT appear to be imminent, and barring additional heavy rainfall, evacuations or support requests will probably not occur. TxDOT reports NO road flooding issues in the surrounding area and there are no areas of concern at this time.

Region 6 (Includes DDCs 11/23, 12, 17 and 18)

DDC 11/23 Waco (Includes Bell, Bosque, Coryell, Falls, Freestone, Hamilton, Hill, Lampasas, Limestone, McLennan, Milam, Mills, San Saba)

Hill County: A SAR team rescued three individuals along the Nolan River at Blum.

DDC 12 Austin (Includes Bastrop, Blanco, Burnet, Caldwell, Fayette, Hays, Lee, Llano, Travis and Williamson Counties)

DDC 12 Austin has elevated their activation level to Level I (Emergency Conditions). Blanco, Bastrop, Caldwell, Hays, and Williamson Counties EOCs are activated.

Bastrop County: Bastrop County has submitted a Disaster Declaration and Request Letter. Private lake/pond with potential for failure with six homes threatened is being monitored. Bastrop County has submitted a Continuation for Disaster Declaration. An updated DSO has been submitted.

City of Bastrop: EOC activated.

Blanco County: An amended Disaster Declaration and a Disaster Summary Outline were submitted. EOC activated.

City of Blanco: Chisolm Trail Water has water supply issues. TIFMAS Strike Team arrived in Blanco to augment fire response.

City of Luling: EOC activated.

Caldwell County: There is a mandatory curfew for the City of Luling from 9:00 PM to 6:00 AM. An estimated 1,400 structures are damaged. Caldwell County Judge Ken Schawe has placed all flooded areas near the San Marcos River under a curfew beginning 9:00 p.m. until 7:00 a.m. Parts of the County are under a “boil water” notice. There were a total of 50 homes destroyed.

Hays County: A Disaster Declaration was submitted. Approximately 110 homes were destroyed, 70 washed away and 400 impacted by flooding. There is a curfew in Hays County from 9:00 PM to 7:00 AM. Two shelters remain open. Hays County/San Marcos Joint EOC is at Level II response. Parts of the County are under a “boil water” notice. All schools remain closed. A total of 1,220 were evacuated.

City of San Marcos: A mandatory curfew is set in place for the City of San Marcos from 9:00 PM. to 7:00 AM. A temporary shelter is available at the San Marcos Activity Center. TFS IMT has moved into the San Marcos Police Department. The Community Center Shelter had a population of 43 overnight. The City EOC is activated. A total of 1,130 homes were assessed.

City of Wimberley: TXMF is deployed to the city for Search and Rescue operations. The Wimberley EOC is activated.

Travis County: Disaster Declaration, Disaster Summary Outline and Letter to the Governor were submitted.

Williamson County: The EOC received damage reports, but the full extent of the damages is not yet known. A Disaster Declaration was submitted. EOC activated. A total of 105 homes were assessed. Sixty-eight homes were evacuated. Mosquito abatement is anticipated. Two sewer lift stations in the County are damaged. Upper Brushy Creek WCID 22 dam is being monitored. A Request Letter was submitted.

Lee County: A Disaster Declaration and Request Letter was submitted.

Calhoun County: A Mandatory Evacuation Order has been placed in Calhoun County due to flooding on the Guadalupe River. A Disaster Declaration was submitted.

Gonzales County: Schools are closed due to high water.

Dewitt County: The EOC deactivated effective at 12 p.m. May 29th, 2015.

Victoria County: Moderate flooding of the Guadalupe River is ongoing. EOC open at Level I.

DDC 18 ARCC/Bexar (Includes Atascosa, Bexar, Karnes, McMullen and Wilson Counties)

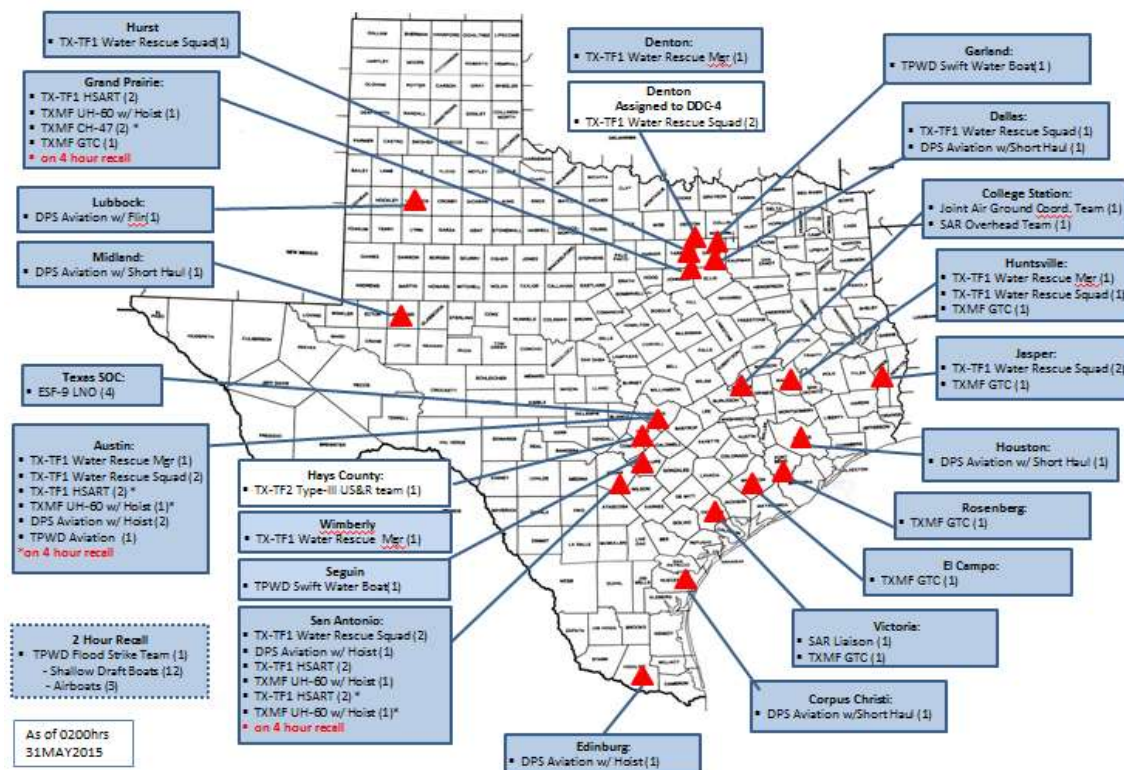

Wilson County: An updated DSO was submitted.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Task Force 1 (TEEX/TX-TF1): TX-TF1 Type-1 US&R team and Water Rescue Squads remain active in Blanco, Hays, and Caldwell County, conducting searches along the Blanco River basin. TX-TF2 Type-III US&R team conducting Search operations in the Blanco River area. Activated and staged resources remain in position to assist those jurisdictions that are still anticipating significant river flooding and localized severe weather and flash floods

Aircraft operations are scheduled during daylight hours

May 8 Severe Weather - SAR Resources

Texas Taskforce 2 (Dallas Fire Rescue/TX-TF2): TX-TF2 Urban Search and Rescue (USAR) was activated in support of flooding operations and are operating in Hays County.

Aviation assets:

Three SAR helicopters, 2 hoists and 1 short haul are available for the SOC. One in San Antonio (hoist), 1 in Austin (hoist), and 1 in Houston (short haul). DPS also has 1 fixed-wing asset with downlink capability that could send live footage into the SOC (weather dependent). All missions and assets have been added to the Aviation Board in WebEOC. Local helicopters are available in Austin, Dallas, and San Antonio.

Texas Military Forces operations for military forces aircraft (daylight hours only) are 5:30 am-1:30 pm, first shift; and 12:30 pm-8:30 pm, second shift.

Air Operations Center (AOC) is operational during daylight hours at Camp Mabry.

TPWD helicopter is assigned to the Hays/Blanco County recovery mission for aerial Recon and support until further notice.

Joint Air/Ground Coordination Team will be active daily from 6:00 a.m. – 8:00 p.m.

Texas Division of Emergency Management (TDEM): TDEM personnel have been actively responding to this severe weather and flooding event. DC Capitol and DC 11/23 - Waco are deployed to DDC 12 – Austin to support DDC operations. DC 07 – Abilene deployed to Wichita Falls. DC 13 – Bryan deployed to DDC 04 - Garland. DC 09 – Midland deployed to DDC Garland. State Coordinator - Region 6, deployed to San Marcos.

TDEM Disaster Finance Coordinator – Region 5 is assisting the SOC Finance Section with calculation of state agency response costs. Regional Disaster Finance staff have deployed to Wichita County to assist with disaster cost documentation.

Texas Military Forces (TXMF): TXMF currently have 205 personnel, 56 Vehicles, 6 Aircraft staged from 14 different locations across the State. High profile vehicles are staged across the state in Cleburne, Denton, Granbury, Grand Prairie, Weatherford, Victoria, Rosenberg, El Campo, Huntsville and Jasper. Aircraft and Crews are currently positioned in Grand Prairie, Austin, and San Antonio. One ground transportation platoon in Granbury assisted in rescue of two fire trucks stuck in the mud and conducted one UH-60 mission in back up support to DPS aerial rescue of a police officer in Garland. SAR-G is conducting a rescue mission along the Brazos River with the Tin Top Fire Department near vicinity Weatherford. Two Ground Search and Rescue companies and two Ground Transportation Platoons have demobilized. The Ground Transportation Company completed relief in place operations and has replaced the SAR-G Companies. The Search and Recovery Team of 20 TXSG personnel commenced search and recovery operations vicinity San Marcos in support of TTF2. Actively participating in Search and Recovery Unified Command Cell planning in Hays County and the SOC. One Texas Interoperable Communications Package (TICP) replaced the existing TICP in Wimberley. In addition support is increased to provide 24-hour operations with the DDC4 (Garland) Operations Center. STARS during this reporting period included mobilizing MDC for DDC 4 Garland. 10 STAR extensions and 3 STAR demobilizations have been received. Currently supporting 18 STARS. TXMF have executed 45 missions, assisting our interagency partners with the rescue of 131 Texas citizens.

Resource Kind and Type	Qty	# Personnel	Status	Resource Location
Ground Support Package	1	28	Assigned	Denton/Granbury/

				Cleburne/Weatherford
Aerial Transportation Package (2x CH-47's)	1	18	Available	Grand Prairie
Aerial Transportation Package (2x UH-60's)	1	17	Assigned	San Antonio
Aerial Transportation Package (1x UH-60) and (1 LUH-72)	2	17	Assigned	Austin (ABIA)
Air Coordination Group	1	2	Assigned	College Station
Military District Coordinator (MDC)	1	1	Assigned	Garland
Military District Coordinator (MDC)	1	1	Assigned	Hurst
Plans Section Support Team (TXSG)	1	8	Activated	DPS SOC
Search and Recovery Team	1	20	Assigned	Wimberley
Ground SAR Package	1	92	Activated	Jasper/Huntsville/ Rosenberg/Victoria/ Grand Prairie/EI Campo

Texas Wing, Civil Air Patrol (CAP): Twenty-six single-engine Cessna aircraft and 1 Gippsland GA8 are available across the state.

Texas A&M Forest Service (TFS): TFS continues to staff Emergency Services Branch at the SOC filling the roles of Emergency Services Branch Director, Deputy Emergency Services Branch Director, and TFS ESF-4. DDC 6 Tyler has a TFS representative continuing to assist with daily DDC situation reports working remotely from the TFS office. The Liaison is assigned to the Joint Air/ Ground Coordination Team. DDC 4 Hurst has 2 TFS representatives assisting the planning function. IMT Planning Team has reported to Wichita Falls. They are reporting resources from TDEM, TEEX, TAHC, ARC, TXMF, TxDOT, and DPS.

Resource Kind and Type	Quantity	# Personnel	Status	Resource Location
SOC Staff	1	5	Assigned	Austin
Liaison Officer at JAGCT	1	1	Assigned	College Station
IMT Planning Section	1	9	Activated	Wichita Falls
Transport Sandbagging Ops	1	2	Activated	San Antonio
Transport Sandbagging Ops	1	2	Activated	Wichita Falls
Transport Sandbagging Ops	1	2	Activated	Pharr
Transport Sandbagging Ops	1	2	Activated	Tyler
GIS Staff	1	3	Activated	Austin

Texas Parks & Wildlife Department (TPWD): TPWD Game Wardens statewide remain on standby with equipment for flooding response. A Game Warden is assisting TX-TF1 with property and river access for ongoing search efforts in the Wimberley area along the Blanco River. Ten Game Wardens and boats are responding to Bowie County, due to flooding on the Red River. Highways 259 and 8 are closed. Game Wardens also are responding to Wimberley and the Cuero/Victoria areas. Four Underwater Search and Recovery Team

members and 2 SAR Team Members will join DPD Dive Team to search target areas on the River south of Martindale.

Resource Kind and Type	Quantity	# Personnel	Status	Resource Location
Boat Strike Team	1	22	Standby	Various Locations
SAR Boat	1	3	Standby	Garland/Hurst
SAR Boat	1	3	Standby	Seguin
AStar Helicopter	1	2	Activated	Austin
Shallow Draft Boats	5	6	Standby	Bowie County
Air Boat	1	6	Standby	Bowie County
Air Boats	5		Standby	Cuero/Victoria
Shallow Draft Boats	3		Standby	Cuero/Victoria

Texas Commission on Environmental Quality (TCEQ): TCEQ Regional Office Staff continue to reach out to numerous the numerous counties that have been impacted and provide assistance with debris management guidance.

Blanco County: TCEQ Regional Staff received a request for debris management information from the City of Blanco.

Cherokee County: Spoke with Cherokee County EMC regarding a possible debris management site and answered questions related to the application. Region staff spoke with City of Jacksonville regarding questions on the debris management application.

Grimes County: County has requested information today regarding debris management and disposal. All appropriate documents and applications were provided.

Harris County: Contacted the Harris County Judge's office and City of Houston (COH) regarding debris management.

Hays County: TCEQ Region Staff provided on-site assistance regarding debris management from Hays County. The City of Wimberley/Hays County proposed a Household Hazardous Waste (HHW) event at the Wimberley Solid Waste and Recycling Center, and has requested a waiver of the required 45 day advance notice. The Region Office is working with the City, County, and the Environmental Assistance Division to facilitate the event. The City of San Marcos submitted an application for a Temporary Debris Management Site (TDMS). Household Hazardous Wastes (HHW) are already being segregated and taken to the City's HHW Center.

Hidalgo County: Regional Staff provided guidance and outlined the necessary steps for Debris Management and Requesting Approval for Temporary Debris Management Sites. Hidalgo County anticipates requesting approval for potentially two temporary debris sites.

Montgomery County: Advised Montgomery County officials regarding the completion and submittal of the application to establish a temporary debris site to receive and stage debris for sorting and disposal.

Rusk County: Received and reviewed three debris management site applications and burn authorization request.

Smith County: Evaluated the Smith County green debris site. Onsite personnel indicated only the County and two other people have utilized the site.

Van Zandt County Continue to monitor debris management sites. Received additional requests for burn authorizations.

Wise County: A temporary debris management site has been approved for Wise County to stage and process brush, construction and demolition waste.

Public Drinking Water and Wastewater Updates

Multiple Boil Water Notices are in effect.

Numerous Sanitary Sewer Overflows (SSO) have been reported around the state due to flooding. TCEQ Regional Offices continue to monitor the situation.

Contacted the City of Houston (COH) to assess impact on COH Southwest Plant. Plant personnel continue to work towards returning the plant to operational status.

Sherwin Alumina (San Patricio County)

The raw water lake level continues to decrease and there are no levee issues. Sherwin continues to draw from the raw water lake with just the siphon. They resumed pumping with just one pump from the Duck Pond to the East Ditch at 16:00 (05/29) to bring down water levels within the plant.

ALCOA (Calhoun County)

Rainfall total from 08:00 a.m. (05/29) to 08:00 a.m. (05/30) was 0.0". ALCOA is still transferring the raw water lake to DD2 non-stop and continuing to pump storm lake to outfall 003.

Mountain Creek WS SCS Site 10 Dam - aka "Padera Dam" (Ellis County)

The cofferdam has been reinforced. Lake level has decreased after the relief channel was enlarged.

Lewis Creek Dam -TX00119 (Montgomery County):

Two new shallow slides reported (1 on Tues. 26th & 1 on Wed. 27th); all slides remain tarped; waiting for break in weather to commence work on them; continuous monitoring taking place; operating spillway gate(s) as needed to handle additional inflows.

Athens Fish and Game Club Dam -TX00220 (Henderson County):

Per engineer, lake level back up from recent rains; was 1.34 feet below crest of emergency earthen channel (excavated relief channel); TxDOT to select a contractor later this week for proposed emergency repair work; minor sloughing alongside edge of pavement ("16 feet min. from edge of sloughing to upstream crown top of dam").

Gooch Dam (Not in Texas Inventory of Dams); initially reported as Childress/Hwy 83 Dam (Wheeler County):

Per phone conversation with TxDOT District Engineer, the slough appears to be stabilized (have attempted to shore it up). The spillway is no longer engaged. Still pumping down the reservoir.

Monitoring the roadway and traffic is still able to traverse. Seepage rates yesterday were less than half that of the previous night (and still flowing clear). The vertical face of the slide was unchanged.

Clear Springs Dam (Bastrop County):

TCEQ Dam Safety has had issues with this poor condition dam for a number of years; there are ownership issues; per TCEQ Dam Safety site visit on 5/26/15, the recent flooding has increased the erosion damage in the spillway channel; lake level was within roughly 2 feet of the dam crest.

Upper Brushy Creek WS SCS Site 22 Dam (Williamson County):

Upper Brushy Creek WS (Williamson County) has had contractors working overnight constructing a rock berm and access road along the toe of the dam. They have already placed a considerable amount of rock and road base material below the slide area and covered the entire dam structure with a heavy liner. Additionally, they have installed one large pump on top of the dam and are continuing to pump the lake level down. URS/AECOM has been hired to supervise the construction activities and to monitor the dam 24/7.

Conrad Dam (previously 'unknown' dam (Bastrop County)

TCEQ Dam Safety advised there is a 12-inch pump onsite and lowered the reservoir an additional 6 inches with the water level 2.5 feet below top of dam. A voluntary evacuation has been issued by the Fire Dept.

Texas Department of Transportation (TxDOT): Many roads remain impacted throughout the state and TxDOT continues to monitor and respond as needed. TxDOT is monitoring the Possum Kingdom Flood Gate Openings in Palo Pinto County and has placed barricades on Highway 16. Bridge inspections are ongoing. 8,000 sandbags are ready for deployment at the Liberty Maintenance yard. 350 personnel are responding statewide.

TxDOT continues to clear roadway debris and provide support across the State. TxDOT continues to monitor the roadways. TxDOT moved 40 barricades to Blanco County, and crews continued to perform debris pickup and pavement repair throughout the day. A total of 4,600 sandbags positioned in the County of Rusk, 6,500 bags in Liberty County, 4,800 in Dallas and 4,800 sandbags in Fort Worth. Employees and equipment are deployed in Johnson County to assist with debris cleanup. TxDOT has 52 personnel, 3 loaders, 2 portable message boards, 3 dynamic message signs, 1 portable signal, and 42 other vehicles responding.

Most of the roads previously closed in the Texas Hill Country due to flooding were reopened by Friday afternoon. In Hays County, RM 12 Bridge at the Blanco River is operating at restricted capacity, and in Bastrop County, FM 2571 is operating at restricted capacity. Bastrop County submitted a STAR request for traffic control on SH 21 at CR 153 (Squirrel Run). There will be a lane closure on SH 21 EB at this intersection beginning Saturday, May 30th.

In Dallas County, Loop 12 @ IH30 is flooded, impacting the entire watershed in low-lying areas, due to the water level at the Trinity River, and water not moving out of the levee. 14 pumps ranging from 6 inches to 12 inches are on site to pump water over the levee and drain the location. An additional 4 pumps are on the way to the site. US 175 exit ramp 20 to 2nd Avenue is closed due to flooding. TxDOT crews monitored closures overnight.

Texas Department of State Health Services (DSHS): Two representatives at the State Operation Center monitoring flood activity and any public health needs.

Texas Department of Aging and Disability Services (DADS): Other than power outages, residential healthcare facilities contacted by DADS have reported no additional concerns. DADS continues to reach out to residential healthcare facilities in impacted areas and will continue to monitor the situation.

Texas Department of Criminal Justice (TDCJ): The TDCJ is continuing to monitor the flooding along the Trinity River at Long Lake, the Brazos River at Navasota and Rosharon, and the Guadalupe River at Cuero. All units have made the necessary preparations and have moved equipment or livestock out of the impacted areas. The Stevenson Unit in Cuero has extra food, water, fuel in place as preparedness items as well as a satellite phone for communication backup. Two boats are on standby at the Stevenson unit in the event FM 766 near the unit becomes overtopped. At the forecasted crests the TDCJ does not expect to have any flooding of its offender housing buildings. Lowland areas may become flooded. TDCJ has not experienced any building flooding and is awaiting the delivery of sand to the Ramsey Unit in Rosharon for sandbagging materials. No other unmet needs at this time.

Texas A&M AgriLife Extension Service (AgriLife): Twenty-four (24) AgriLife County Extension Agents (CEAs) are performing agricultural liaison to local EOCs, agricultural preparedness and agricultural damage assessment. Six District Administrators and 3 Regional Program Leaders have performed agency emergency communions and coordination. An EM specialist is performing agency emergency coordination and reporting; one communications specialist participating on the State Agency Public Relations Joint Information Command will remain active on the incident.

Texas Health and Human Services Commission (HHSC) including 2-1-1: Health and Human Services Commission (HHSC) along with 2-1-1 continues to monitor the situation. On standby if assistance is needed to conduct damage assessments. HHSC has two staff members assigned to the SOC.

2-1-1's Area Information Centers (AICs) have continued to stay in contact with local emergency management entities in their area to be aware of local resources.

2-1-1 Specialists are prepared to refer callers to and assist with Safe and Well registry and the DriveTexas website, or assist callers in the use of these resources. They are also currently informing callers of available mass care shelters and providing them with evacuation information.

Texas Department of Insurance (TDI): Texas Department of Insurance (TDI) distributed information to media outlets and social media advising that consumers can get help with filing their insurance claims by calling the Consumer Help Line **800-252-3439**. TDI also updated the Texas State Disaster Coalition, comprised of representatives from insurance companies, industry groups, state agencies and volunteer groups, about this severe weather event. TDI continues to staff the SOC.

Texas Animal Health Commission (TAHC): The Texas Animal Health Commission (TAHC) continues to communicate with numerous EOC across the State to support local animal response operations. TAHC personnel have contacted local emergency management officials in Counties across Texas to address animal issues in anticipation of additional rain/flooding. TAHC personnel deployed (or placed on-call) for SOC and DDC operations. TAHC Livestock Inspectors completed initial animal needs assessments in

numerous impacted counties across Texas. TAHC PIO was assigned to the State Agency Joint Information Center (JIC) and is coordinating animal-related messaging.

The Texas A&M University (TAMU) College of Veterinary Medicine (CVM) Veterinary Emergency Team (VET) 15-person Type 3 Veterinary Emergency Team (VET) continues operations in support of Texas Task Force 1 (TxTF1) field response operations in Wimberley, Hays County.

Private veterinary practitioners in affected jurisdictions are being contacted to determine their operational status. No unmet needs have been reported in impacted areas. Private sector and non-governmental partners which are able to assist with animal care and sheltering activities have been identified. Local animal care/sheltering facilities and organizations are being contacted to determine their operational status and needs. Regional Livestock Inspectors are conducting local animal agriculture damage and needs assessments as conditions permit. TAHC emergency management, regional, and administrative personnel continue to monitor weather and field conditions across the State. All TAHC field personnel have been assigned or placed on stand-by status to respond to local requests in their assigned jurisdictions.

Resource Kind and Type	Quantity	# Personnel	Status*	Resource Location	Notification Time Required (Time necessary before resources can deploy)
Type 3 TAMU CVM VET	1	15	Assigned	with TxTF1 Wimberly, Hays County, TX	N/A
Horseback Emergency Response Teams	2	4	On standby	Statewide	4 hours minimum
Animal Response Teams	2	4	On standby	Statewide	4 hours minimum
State Agency JIC representative	1	1	Assigned	Austin	1 hour
TAHC DDC representative(s)	14	14	Activated or On standby	As Assigned	2 hours
TAHC SOC representative	1	2	On standby	Austin	2 hours
TOTALS	21	40			

Texas Department of Agriculture (TDA): TDA continues to monitor the situation and remains on standby to respond to requests.

Texas Department of Housing and Community Affairs (TDHCA): TDHCA continues to coordinate resource delivery through its local Community Services Block Grant (“CSBG”) program administrators, typically CAAs, will serve impacted counties to provide gift cards for gas, food, and essentials, and possible hotel vouchers; remain in communication with legislators serving impacted areas informed of Department response activities; and monitor the situation and stands ready to respond to any assistance requests. There are no unmet needs at this time.

Texas Department of Family and Protective Services (DFPS): DFPS continues to work abuse/neglect hotline calls related to this event, and has received 54 calls for weather-related assistance to date, mostly for elderly adult Protective Services clients who cannot care for themselves. DFPS has downgraded its alert position, but remains on enhanced call. The internal Area Command Structure (all 10 Regional IMTs) is on alert status to monitor for potential flooding and evacuation. DFPS has accomplished the following beginning May 12th and they remain ongoing:

Develop and deliver alert/warning communication for clients, facilities and staff; special attention should be directed to staff messaging regarding their safety during operations (Media Relations).

Identify clients and facilities at risk in the potential flood pool; this is for regional situational awareness. (CPS, APS, CCL, RCCL).

Texas Voluntary Organizations Active in Disaster (VOAD): Texas VOADs have been active in several areas of the State, and continue to be a vital part of the humanitarian efforts in responding to the needs of impacted jurisdictions. They continue to provide feeding, hydration, sheltering, mud-out, damage assessment, chaplaincy, daycare, and other important services. They also provide hydration and feeding services to responders who are responding to impacted areas.

The Texas VOAD Situation Report can be found on the TDEM webpage at: <http://www.dps.texas.gov/dem/sitrepindex.htm>

Additional information related to Texas VOADs can be found at: <https://txvoad.communityos.org/cms/home>

Emergency Management Assistance Compact (EMAC): TxDOT received three sandbagging machines from the State of Louisiana and were delivered to the Beaumont District. The Beaumont District then deployed the machines to Liberty, Huntsville and Rusk.

FINAL COMMENTS: The State Operations Center (SOC) is at Level I (Emergency Conditions). The SOC held a severe weather event conference call with the National Weather Service and State agency representatives at 10:00 am (CDT) yesterday morning. The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

The four levels of SOC activation are:

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)

This Situation Report can be found on the TDEM webpage at www.txdps.state.tx.us/dem.
